## Urgent Prescriptions

Forwarding prescriptions to QSP that have been sent to other pharmacies

### 4 THINGS WE NEED:

1. Send QSP the other pharmacies' prior authorization forms
2. Send QSP a new prescription for the patient
3. Send QSP the patient demographic sheet or their information can be filled out on the prescription

#### PATIENT DEMOGRAPHICS

## Send Prescriptions Direct

### 3 WAYS TO SEND: E-SCRIBE, FAX OR CALL-IN THE PRESCRIPTION TO QSP

#### E-scribing (follow E-scribing direction sheet below)

- ☞ If you choose to ePrescribe, select Quality Specialty Pharmacy
- ☞ Not listed in your software program? See below to conduct a system search:
  1. Select "Retail" pharmacy as opposed to "Mail Order" pharmacy to do your search if that is an option.
  2. Most ePrescribing systems have a search library. Begin by using the following criteria only:
    - ☞ Quality Specialty Pharmacy
    - ☞ Tampa, Florida 33617
    - ☞ NCPDP # 1044849
  3. If Quality Specialty Pharmacy does not show up in your system add the following criteria as needed:
    - ☞ NCPDP # 1044849
    - ☞ Address: 5144 East Busch Blvd, Tampa, Florida, 33617
    - ☞ If NPI is required: 1659514214
    - ☞ If you are still unable to find Quality Specialty Pharmacy, contact your ePrescribing software vendor to add Quality Specialty Pharmacy to your system.
- ☞ Please Add-The patient's best contact number (cell # preferred), insurance name and I.D. number in the notes, note to pharmacist or free text section. This will expedite the process and help us get the meds processed and shipped to the patient faster.
- ☞ Please check the "DAW" dispense as written box for all branded meds or uncheck the "generic substitution o.k." box. This is the same as Medically Necessary!

#### Faxing (be sure to send the patient demographic sheet or write it on the RX form)

**Call-In** Provide the patient with a QSP tear sheet and advise them to call the pharmacy the next day or answer the "800" number that will be calling or texting them within 24 hrs (Please allow ample time for the prescription to go through before patient calls the pharmacy)

**Servicing ALL Your Pharmacy Needs**  
**NATIONAL DISTRIBUTION ☞ LOCAL REPRESENTATION**
